

How MPH Courses Apply to BS Degree Majors

Major - Biological Sciences

MPH courses taken as a BS student	How MPH courses apply to BS degree
PBHL 560: Quantitative Methods in Public Health (3 cr.)	Pre-health Biology selected course in approved field or content area of study (3 cr.)
PBHL 570: Epidemiology (3 cr.)	Pre-health Biology selected course in approved field or content area of study (3 cr.)
PBHL 516: Public Health Foundations (2 cr.)	Pre-health Biology selected course in approved field or content area of study (2 cr.)
Approved MPH Elective_(3 cr.)	Elective (3 cr.)

Major - Environmental Health AND Biomedical Sciences: Concentration in Environmental Public Health

MPH courses taken as a BS student	How MPH courses apply to BS degree
PBHL 560: Quantitative Methods in Public Health (3 cr.)	STAT 307: Introduction to Biostatistics (3 cr.)
PBHL 570: Epidemiology (3 cr.)	ERHS 332: Principles of Epidemiology (3 cr.)
PBHL 516: Public Health Foundations (2 cr.)	EH elective
Approved MPH Elective (3 cr.)	EH elective

Major - Health and Exercise Science: Concentration in Sports Medicine OR Health Promotion

MPH courses taken as a BS student	How MPH courses apply to BS degree
PBHL 560: Quantitative Methods in Public Health (3 cr.)	Elective
PBHL 570: Epidemiology (3 cr.)	HES 345: Population Health and Disease Prev (3 cr.)
PBHL 516: Public Health Foundations (2 cr.)	Elective
Approved MPH Elective_(3 cr.)	Elective

Major - Human Development and Family Studies

MPH courses taken as a BS student	How MPH courses apply to BS degree
PBHL 560: Quantitative Methods in Public Health (3 cr.)	Elective or concentration course (3 cr.)
PBHL 570: Epidemiology (3 cr.)	Elective or concentration course (3 cr.)
PBHL 516: Public Health Foundations (2 cr.)	Elective (2 cr.)
Approved MPH Elective_(3 cr.)	Elective or concentration course (3 cr.)

Major - Nutrition and Food Science: Concentration in Dietetics

MPH courses taken as a BS student	How MPH courses apply to BS degree
PBHL 560: Quantitative Methods in Public Health (3 cr.)	RRM 310: Food Service Systems-Operations (3 cr.)
PBHL 570: Epidemiology (3 cr.)	RRM 311: Food Service Systems-Prod. & Purch (3 cr.)
PBHL 516: Public Health Foundations (2 cr.)	FSHN Elective
MPH Approved Elective - FSHN 661/FSHN 6610: International Nutrition (2 cr.) OR FSHN 500/FSHN 5000 Food Systems (2 cr.)	FSHN 661: International Nutrition (2 cr.) OR FSHN 500 Food Systems (2 cr.)

Major - Psychology

MPH courses taken as a BS student	How MPH courses apply to BS degree
PBHL 560: Quantitative Methods in Public Health (3 cr.)	STAT 301: Introduction to Statistical Methods (3 cr.) OR STAT 307: Introduction to Biostatistics (3 cr.)
PBHL 570: Epidemiology (3 cr.)	Elective
PBHL 516: Public Health Foundations (2 cr.)	Elective
Approved MPH Elective - PSY 515/PSCY 5150: Women's Health (3 cr.) or PSY 517/PSCY 5170: Perspectives in Global Health (3 cr.)	PSY 515: Women's Health (3 cr.) OR PSY 517: Perspectives in Global Health (3 cr.)

Major - Zoology

MPH courses taken as a BS student	How MPH courses apply to BS degree
PBHL 560: Quantitative Methods in Public Health (3 cr.)	Upper division Zoology credit
PBHL 570: Epidemiology (3 cr.)	Upper division Zoology credit
PBHL 516: Public Health Foundations (2 cr.)	Upper division Zoology credit
Approved MPH Elective_(3 cr.)	Elective
